# Topographic Survey

Sudaan Geo-Analytics | Sample Deliverable

---

Project: Sample Site - Northern State  
Deliverable: Digital Terrain Model + Spot Heights  
Vertical datum: EGM2008  
Coordinate system: UTM Zone 36N / WGS84  
DTM grid resolution: 0.25 m  
Checkpoint RMSE (vert): 0.034 m  
Surveyed area: 480 hectares

## Contents:

- Bare-earth digital terrain model
- Classified ground point cloud
- Spot heights and breaklines
- Survey control summary and residuals

This is a representative sample for demonstration purposes only.
